

UIC Travel Guidance

Version 13, 1/03/2022

UIC universal travel guidance

**Applies to all UIC/UIH employees,
students, and types of travel
(personal, business, or academic)**

Process overview

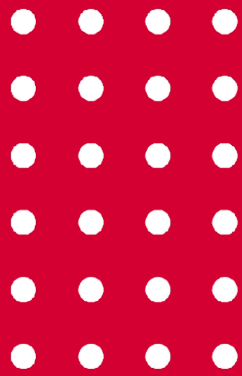

Before your trip, [report to UIC Contact Tracing](#) if you are:

- not fully vaccinated for COVID-19 or
- you are traveling internationally (regardless of vaccination status)

While you're traveling, [report to UIC Contact Tracing](#) if you develop symptoms, have a close contact exposure, or test positive.

Upon return, complete all post-travel requirements as instructed by your contact tracer, based on current campus policy. Unvaccinated campus members should then resume routine saliva testing.

Note: individuals who have had a positive PCR test should not test again until 90 days have passed since their positive test, unless instructed to by a clinician.

Current post-travel requirements

Note: This guidance is subject to change. UIC Contact Tracing will provide you with the most up-to-date guidance based on your situation.

If you are fully vaccinated

	<u>Post-travel guidance</u>				
Destination	Pre-arrival* negative test result	Quarantine	Symptom monitoring for 14 days after return	PCR test between days 3 and 5 after arrival	Strict masking and physical distancing for 14 days after arrival**
Yellow state			X		X
Orange state			X	X	X
International - Level 1-3 country	X		X	X	X
International - Level 4 country	X		X	X	X

* **Pre-arrival** = no longer than 24 hours prior to arrival. Pre-arrival test may be antigen or PCR.

** Physical distancing is not currently required in UIC buildings on campus.

*** Quarantine for 7 days regardless of negative test.

If you tested positive for COVID-19 less than 90 days before your planned return date

	<u>Post-travel guidance</u>				
Destination	Pre-arrival* negative test result	Quarantine	Symptom monitoring for 14 days after return	PCR test on day 7 after arrival	Strict masking and physical distancing for 14 days after arrival**
Yellow state			X		X
Orange state			X		X
International - Level 1-3 country			X		X
International - Level 4 country			X		X

* **Pre-arrival** = no longer than 24 hours prior to arrival. Pre-arrival test may be antigen or PCR.

** Physical distancing is not currently required in UIC buildings on campus.

All other individuals

	<u>Post-travel guidance</u>				
Destination	Pre-arrival* negative test result	Quarantine	Symptom monitoring for 14 days after return	PCR test on day 5-7 after arrival	Strict masking and physical distancing for 14 days after arrival**
Yellow state			X		X
Orange state	X	X	X	X	X
International - Level 1-3 country	X	X***	X	X	X
International - Level 4 country	X	X***	X	X	X

* **Pre-arrival** = no longer than 24 hours prior to arrival. Pre-arrival test may be antigen or PCR.

** Physical distancing is not currently required in UIC buildings on campus.

***7 day quarantine for those that test negative day 5-7 or later, if they choose not to test, the quarantine will be a full 10 days.
